

UNTIL
THE NATION
WILL BLOW
UP WITH
MEDICAL
EXPENSES!

BECAUSE
PATIENTS
NEED THE
ONE
TRILLION
YEN.

I'M NOT
SAYING WE
SHOULD QUIT
USING THOSE
ANTI-CANCER
DRUGS.

AND
THERE IS
ONLY ONE
WAY!

THE ISSUE IS
HOW TO STOP
IT FROM
BECOMING
TWO TRILLION
AND THREE
TRILLION.

WE MUST
TURN OUR
ATTENTION TO
TREATMENTS
THAT CURE
CANCER!

CURE

SUPPRESS

WE MUST
SERIOUSLY
ENGAGE IN
TREATMENTS USING
CUTTING-EDGE
TECHNOLOGY LIKE
BARYON BEAM
THERAPY INSTEAD
OF "SURGICALLY
REMOVING,"
"SUPPRESSING WITH
ANTI-CANCER
DRUGS," AND SO
ON AS WE'VE
BEEN DOING
SO FAR!

THE MILLION
YEN TOTAL SPENT
ON ANTI-CANCER
DRUGS DOESN'T
AMOUNT TO MUCH
PER INDIVIDUAL
PATIENT, AND IT'S
POSSIBLE THE
GOVERNMENT MIGHT
HAVE TO FUND VERY
MUCH IF SOME OF
THAT EXPENSE GOT
INCLUDED IN BARYON
BEAM FACILITY
DEVELOPMENT.

IF
CANCER GETS
ERADICATED
USING BARYON
BEAM CANCER
TREATMENT,
ANTI-CANCER
DRUGS WILL NO
LONGER BE
NECESSARY.

IF MORE TREATMENT
FACILITIES COULD BE
BUILT THROUGHOUT
THE COUNTRY,
MEDICAL INSURANCE
WOULD EVENTUALLY
APPLY TO BARYON
BEAM TREATMENT,
WHICH MEANS
PATIENTS WOULD
HAVE TO PAY LESS
OUT OF POCKET.

HUH?

NO... WAIT
A SECOND.

AFTER ALL,
THERE ARE
MANY PEOPLE
WHO'D BE
WILLING TO PAY
THREE MILLION,
140,000 YEN TO
QUICKLY
RECEIVE
TREATMENT.

IS IT
NECESSARY
THAT
INSURANCE
GETS
BROUGHT INTO
THE PICTURE
OF BARYON
BEAM CANCER
TREATMENT
RIGHT OFF
THE BAT?

THEY'LL SAY
THEY'RE
SPREADING
INEQUALITY BY
PROMOTING A
TREATMENT
ONLY THE
RICH CAN
AFFORD.

IDIOT.
IF THE
MINISTRY OF
HEALTH, LABOR,
AND WELFARE
DID PR LIKE
THAT, THE
PUBLIC WOULD
GET UP IN
ARMS.

LOTS OF
PEOPLE
CAN'T
AFFORD
THREE
MILLION,
HUNDRED
THOUSAND
YEN.

INEQUALITY?
HOW?

IT'S THE
SAME.

MEDICAL
TREATMENT
ISN'T THE
SAME AS
OTHER
THINGS
AND
SERVICES.

BUT THERE'S
INEQUALITY IN
THINGS AND
SERVICES.

AIRPLANES
HAVE FIRST
CLASS AND
ECONOMY
CLASS.

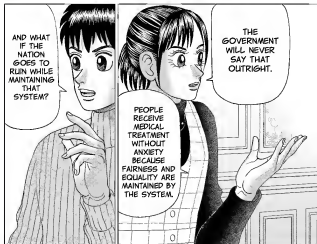

THERE'S
GINZA'S
HIGH-QUALITY
SUSHI AND
THERE'S
CONVEYOR-
BELT SUSHI

PRODUCTS
PURCHASED
AND SERVICES
ARE UNEQUAL
RELATIVE TO
PRICES PAID,
AND NOBODY
COMPLAINS
ABOUT THAT!

HOSPITALS HAVE
WARDS AND
PRIVATE ROOMS,
SO HOW COME
TREATMENTS ARE
AN EXCEPTION TO
THE RULE OF
INEQUALITY?

INEQUALITY
EXISTS IN REALITY,
SO IT'S JUST
BLEEDING-HEART
HYPOCRISY TO
CLING TO THE
IDEA OF THE
"BENEVOLENT ART
OF MEDICINE!"

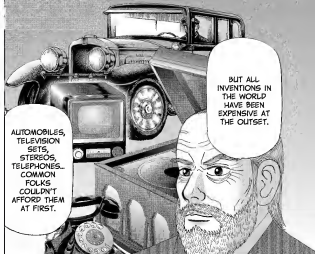

AND WHAT
IF THE
NATION
GOES TO
RUIN WHILE
MAINTAINING
THAT
SYSTEM?

PEOPLE
RECEIVE
MEDICAL
TREATMENT
WITHOUT
ANXIETY
BECAUSE
FAIRNESS AND
EQUALITY ARE
MAINTAINED BY
THE SYSTEM.

THE
GOVERNMENT
WILL NEVER
SAY THAT
OUTRIGHT.

AUTOMOBILES,
TELEVISION
SETS,
STEREOS,
TELEPHONES...
COMMON
FOLKS
COULDN'T
AFFORD THEM
AT FIRST.

BUT ALL
INVENTIONS IN
THE WORLD
HAVE BEEN
EXPENSIVE AT
THE OUTSET.

IT'S THE
FUNDAMENTAL
PRINCIPLE
BEHIND THE
DISSEMINATION
OF THINGS.
IT'S AN
UNCHANGING
ECONOMICAL
RULE.

WHEN THE
WEALTHY BEGAN
BUYING THOSE
PRODUCTS,
THE SALES LED
TO MASS
PRODUCTION AND
LOWERING OF
COSTS.

YOU'RE BOTH IN AGREEMENT REGARDING THIS POINT.

THE MOST IMPORTANT THING IS TO ESTABLISH AS MANY TREATMENT FACILITIES AS POSSIBLE THROUGHOUT THE NATION AND COME TO THE CANCER PATIENTS' RESCUE, THE SOONER THE BETTER.

...THEN THAT WOULD OBSTRUCT THE ADVANCEMENT OF A BUSINESS THAT WOULD BE VERY BENEFICIAL TO HUMANITY.

BUT IF THIS MEANINGFUL TREATMENT METHOD WERE TO COME TO AN END BECAUSE OF EMOTIONAL, FRUITLESS DEBATES ABOUT ADVANTAGES OF THE RICH, INEQUALITY, AND SO ON.

WHICH MEANS THAT IN THE END, NOBODY WOULD BENEFIT.

AS A RESULT, DISSEMINATION WOULD GET HAMPERED, AND BARYON BEAM FACILITIES WOULD BECOME SOMETHING EXCLUSIVELY FOR THE RICH.

THAT'S
RIGHT, AND
PRESENTED
AGGRESSIVELY.

FOR PEOPLE
TO DEBATE THE
ISSUE CALMLY,
ACCURATE
INFORMATION
MUST BE
PRESENTED
FIRST.

I
WONDER
WHY IT
HASN'T
SPREAD?

ONE OF THE
REASONS IS
BECAUSE
DOCTORS AT
TREATMENT SITES
DON'T TELL
THEIR PATIENTS
ABOUT IT.

WHY?

THE
DOCTORS
DON'T
TELL THEIR
PATIENTS?

CANCER
TREATMENTS ARE
PACKAGE DEALS,
SO THEY DON'T
LIKE INTRODUCING
THEIR PATIENTS TO
DEALS OUTSIDE
THEIR OWN FIELDS
OF EXPERTISE.

BECAUSE
IT'S A
HASSLE.

I HEAR THE
MEDICAL FIELD
HAS A SILENT
RULE TO NEVER
ENCROACH ON
EACH OTHERS'
DOMAINS.

AND THEY
MOSTLY
INTRODUCE
PATIENTS TO
MEDICAL
INSTITUTIONS
WITHIN THE
RADIUS OF
5 TO 10 KILO-
METERS.

BUT I THINK
EVEN THIS
CLOSED
MEDICAL
SOCIETY CAN
CHANGE.

THAT'S SO
STUPID.
IT'S THE
PEOPLE
WHO LOSE
OUT THE
MOST,
THEN.

USING THE
POWER
OF THE
INTERNET.

THE
INTERNET!

WOW,
AMA-
ZING!

I TWEETED
"BARYON BEAM
IS AWESOME!"
WHEN I WAS
LISTENING TO
PROFESSOR
NEGAMI'S
LECTURE, AND
LOOK WHAT
HAPPENED.

IT GOT
RETWEETED
THIS MANY
TIMES IN A
MATTER OF
MINUTES.

THAT'S
THE BEST
WAY TO
LOWER THE
NATION'S
MEDICAL
EXPENSES.

BUT
THE MOST
IMPORTANT
THING OF ALL
IS TO NEVER
GET SICK.

"NEVER
GET SICK"?
I THINK
GETTING
SICK IS
INEVITABLE...

CANCER
CAN BE
PREVENTED?
SERIOUSLY?

THAT'S
NOT TRUE
AT ALL.

EVEN
CANCER
CAN BE
PREVENTED.

I SEE.

WE DID
IT IN
CONNECTION
TO MY
IMMORTALITY
VENTURE.

WE
STARTED A
COMPANY
THAT
CREATES
PROGRAMS
OF
PREVENTION
ACTIVISM.

USING THE
POWER OF THE
INTERNET, THESE
TWO GUYS WILL
BE ABLE TO
CHANGE THE
MEDICAL
WORLD!

I MUST
SAY...

...HORIEMON
IS AWESOME!
